Aqua for Arthritis – A gentle water-based exercise program designed to reduce joint pain and stiffness, improve mobility, and increase strength and flexibility, while providing support, making movement easier and maintaining low-impact.

Aqua Move – Get moving in this low impact workout by using cardio and strength movements utilizing your bodyweight, noodles and water weights.

Barre Sculpt – Utilize light weights combined with repetitive, small, and isometric movements to improve strength and balance. Movement is constant in this class in order to achieve steady state cardio to maintain a consistent heart rate.

Beginner Tai Chi – Improve balance and control of your body by performing gentle, relaxing and low-impact series of movements while focusing on slow, deep breaths.

Cardio Boxing – Cardio Boxing is a high-energy workout that combines boxing moves with fast-paced cardio to build strength, burn calories and boost endurance.

Cardio & Tone – Burn calories and have fun doing a variety of cardio movements with bodyweight or weights.

Core & More – Develop functional core strength and stability performing plank variations, bird dogs, a variety of crunches and core circuits.

Cycling Strength & Stamina – Combines heart-pumping cardio with strength-building resistance, alternating between steady endurance segments and challenging climbs or sprints. You'll push through intervals that enhance both stamina and muscular strength. Great for all levels!

Cycle Training – Beginner to cycling? Cycle training is the perfect place to start. Learn the basics of cycling as you sprint and climb to good music for a great workout.

Hip/Hop Step – Step is BACK! Hip Hop Step is a great way to burn calories and build endurance while having some fun. All fitness levels welcome.

HIIT the Turf – High Intensity Interval Training on our indoor turf space, including stations of a variety of exercises for a full body workout.

Kettlebell Blast – Full body workout with kettlebells only. Learn a multitude of kettlebell exercises with proper technique for strength cardio and conditioning.

Kids Hip/Hop Step & Yoga – These classes give kids ages 5 – 12 a fun way to move, groove and grow strong. They'll learn dance and step routines, build coordination and practice calming yoga poses — all in a safe, energetic and kid-friendly environment. Limited to Family and Parent with Children memberships only.

Myofascial Release – A form of massage and physical therapy that applies pressure to trigger points to reduce muscle soreness, tension, and stiffness, as well as improve range of motion and blood circulation. Learn how to manage your pain from injuries, physical activity and more.

Pilates – Low impact workout and repetitive exercises with a focus on core strength and development.

Pilates Strength – A core-focused workout that blends Pilates movements with strength training to improve stability, flexibility and overall muscle tone.

Power Yoga – Combining Ashtanga with the flow of Vinyasa you will build strength and muscular endurance with this higher intensity yoga practice.

Rise and Ride – Start your day off right with a morning cycle workout by performing sprints and climbs. All experience levels welcome!

Tai Chi – A low-impact mind-body practice that uses slow, graceful movements and controlled breathing to promote balance, flexibility and relaxation.

Total Body Strength – Higher intensity class that hits every part of the body. Whether it's squats, lunges, rows, push-ups, deadlifts or core, you'll feel good all over.

Turf Circuit Training – Turf Circuit Training is a fast-paced workout on the turf that combines strength and cardio exercises in timed stations to build endurance, power and overall fitness.

Vinyasa Yoga – Dynamic and fluid style of yoga that emphasizes the synchronized movement of breath with a sequence of poses. Also known as "flow yoga," Vinyasa includes seamless transitions from one posture to another to improve strength, balance, stability and mobility.

Xtreme Burn – A high-intensity workout that mixes strength and cardio exercises to maximize calorie burn, boost endurance and build total-body strength.

Yin Yoga – Slower pace and meditative style of yoga where positions are held for a longer duration to target the deep fascia and connective tissue.

Yoga-lates – Just as the name says, get the best of both worlds with 30 minutes of yoga and 30 minutes of Pilates.
